9/11-Mainstream-Media-Distrust-Day

Today is the 11th July - only 2 months to 11 September and for a new campaign:

From today on we declare that every **11th September** in the method of Gandhi is a **Mainstream-Media-Distrust- & Non-Cooperation / Non-Consumption Day**

"I keep them stupid and you keep them poor ...!" (Media-Mogul to the Banker)

How stupid they think we are? *!ç%&⓪/!!!!

2 planes were there in New York and **3** high-rise buildings have collapsed in free fall (including the 150m high WTC 7, which collapsed 8 hours later)! The three skyscrapers of the World Trade Center collapsed not due to the (certainly occurred) air attacks, but they were also **blown up from the ground**. The official version of the mass media and governments of a few Islamic terrorists with box cutters is **nothing else than an official conspiracy theory!**

"9/11 was an Inside-Job!", the start of the economic crisis, & a new "Reichstagsbrand" (false flag operation) for 2 wars with over 1 million deaths!

And our remote-controlled mainstream-medias are cowardly in silence ...

We don't spend any money on 11 September!

A day without spending money should not be a problem for all of us. IF ALL of us join together on that day, this is so sensitive to the economy and will give a clear signal! Food, train tickets, etc., can easily be purchased one day in advance. Let us start a snowball-Info System by each of us, to encourage at least two people and ensure that these encouragers find at least two more to be involved ... etc.

Information and docu-videos on 9/11 and much more you will find on www.ethicparty.org and www.altru.ch --- There you can also print this flyer, download and send via email ...

We thank you in the name of the victims of the effects of the 9/11 Inside Job
